## Parental Permission Form for

## Participants Earning Money

Your child, \_\_\_\_\_, is invited to take part in a study named Perception Research. The study is designed to learn more about how we perceive things in our everyday life. The research is being conducted by Professor Denis Pelli who is the principal investigator, as part of faculty research, and by Aenne Brielmann as part of her training.

If you give permission for participation in this study, your child will be asked to read, perceive, and/or make judgments about various things such as paintings or music. Participation will take about 6 hrs, and will earn ~~\$40~~ per hour for completing this study.  
\$20

There are no known risks associated with participation in this research beyond those of everyday life. Although your child will receive no direct benefits for participation in this study, your child may become more aware of how knowledge is discovered in psychology and help the investigator better understand sensory perception.

Taking part in this study is voluntary. Not taking part or withdrawing after the study has begun will not affect grades or academic standing in any way. If your child withdraws at any time, only partial payment will be given. Your child has the right to skip or not answer any questions he/she prefers not to answer. When your child completes the study, a thorough verbal and written explanation of it will be provided.

Confidentiality of your child's research records will be strictly maintained by de-identifying the stored data and electronically deleting identifying information. The de-identified data from the study will be kept at least 5 years after publication, as recommended by the American Psychological Association. De-identified data may also be posted online when research results are published.

If there is anything about the study or taking part in it that is unclear or that you do not understand, or if you have questions or wish to report a research-related problem, you may contact the principal investigator, Professor Pelli at (646) 258-7524, [denis.pelli@nyu.edu](mailto:denis.pelli@nyu.edu), 6 Washington Place, Room 279, New York, NY 10003, or Aenne Brielmann at [aenne.brielmann@nyu.edu](mailto:aenne.brielmann@nyu.edu).

For questions about your child's rights as a research participant, you may contact the University Committee on Activities Involving Human Subjects (UCAIHS/IRB), New York University, (212) 998-4808 or [ask.humansubjects@nyu.edu](mailto:ask.humansubjects@nyu.edu), 665 Broadway, Suite 804, New York, NY 10012.
